Discuss Air Service Issues

SCOTT

DISCUSSION	In June I met with four airlines to discuss service. It appears that the issue with the interline agreement with American has only been partially resolved and check bags will continue to be forwarded on until January 2015. So far this problem seems to be having minimal affect on boardings as discussed above As you know Pen Air is now departing at 7:30 AM for their first flight. However, it appears this will go to 8:00 AM in Oct. In October they will be arriving back into Presque Isle at 7:45 PM.
